Metal-working industries						
melting of steel, iron and non-ferrous metals		•	•		•	
heating, preheating, holding	•	•	•			
heat treatment and surface treatment	•	•	•	•		
vapour deposition (PVD, CVD), coating						
others						
Stone and earth industries						
glass industry			•		•	
ceramic industry			•		•	
cement, lime and gypsum industry			•		•	
others					•	
Chemical and petrochemical industries						
chemical industry			•			
petrochemical and mineral oil industry					•	
others						
Other industries						
wood, plastics, textiles industry			•			
others	•					
Process firing equipment						
industrial burners for solids					•	•
industrial burners for liquid fuels	•		•		•	•
industrial burners for gaseous fuels	•		•		•	•
inductive heating including HF and MF generators						
resistance heating						
microwave heating, plasma heating						
others			•			
Other components and accessories for industrial furnaces						
recuperators, regenerators	•		•			•
protective and reactive gas generating equipment				•		
environmental protection systems						•
control systems			•	•	•	•
heat-insulating and refractory material				•		
others			•			
Services related to products						
engineering, design	•	•	•	•	•	•
assembly, commissioning	•	•	•	•		•
maintenance, inspection, repair	•	•	•	•	•	•
safety inspection		•	•	•		•
others			•
